What prompted the search for a HR Platform?

We had done some recent hiring of staff so we really had to make sure we had contracts in place and have a good working environment.

What are the benefits and outcomes from using Happy HR?

It meant the next person we employed wanted straight forward contracts and go through the process. Bang! It's done!

People by their very nature hate doing paperwork and having Happy HR on board, just cuts out the compliance and things for them because it's already presented in front of them.

How easy is it to use Happy HR?

It is definitely very easy to use! It's on the cloud so you can access from everywhere and it's up to date. We don't have to worry about uploading documents, it's already done for us. And, we've got the whole backup of the whole Happy HR team.

What is it like to deal with Happy HR?

They're second to none in terms of picking up the phone if I've got an issue and get a call back straight away.

We want to help people the best we can so we need the right staff and support within our own four walls.

Happy HR has so many different elements to it, it's not just here's your Employment Contracts and here's your Policies. It's really going to help us grow and monitor performance as a business moving forward.
